Areas of Expertise

EMI Specialists, a division of EDI Specialists, Inc., is a staffing and solutions firm focusing on the areas of engineering, manufacturing, and IT solutions. We address our clients' engineering, manufacturing, and IT needs through short-term and permanent placements along with consulting and outsourcing services.

Quality of Service

If you have worked with us before, you know the quality of service we deliver. The superior level of service we have provided to IT and EDI clients over the past 17 years is the same level of service we provide to Engineering & Manufacturing clients. Whether you need permanent or contract resources, contact us. It costs you nothing to have us perform a search and we guarantee our work! You will not find a more responsive or flexible firm in the industry.
